Training

Organisational Structures

Revenue, costs and profit (including calculations)

Unit cost (including calculation)

Methods of growth

Delaying

Needs and wants

Factors of production

Contracts of employment

Management styles

JIT

JIC

Students should use their class notes from Year 9 and 10 to adequately prepare for their mock paper. They will have 1 Business Studies paper (1hr) that will test the above knowledge. Students should also revise exam structure as they will need to be using this for longer answer questions.

Revision guides are available to purchase from the department for £5. Students should ask their class teacher if they wish to purchase one of these. We also have workbooks available that consist of exam style questions, which also cost £5. These are extremely beneficial to embed knowledge and exam structure.

If you have any further questions, please contact your child's class teacher or head of department, Miss Newnes on C.Newnes@alleynes.staff.sch.uk
