I love this.

What does it tell us?

latest news

Top 10 Most Popular A Level Subjects

Based on the most [recent 2025 A Level data from JCQ](#), here are the most popular A Level subjects that UK students are choosing:

Ranking	Subject	Number of entries (Summer 2025)
1	Mathematics	112,138 47.7% more than 2nd
2	Psychology	75,943
3	Biology	71,400
4	Chemistry	63,538
5	Business Studies	45,235
6	Physics	44,957
7	History	44,717
8	Sociology	43,875
9	Art and Design Subjects	43,124
10	Economics	42,667

Mathematics sits comfortably at number one with over 112,138 entries. That's significantly ahead of second-place Psychology, which still attracted 75,943 students.

What stands out immediately is the dominance of STEM subjects. Six out of the top ten are science, technology, engineering, or maths-related subjects.
