

Drama and Theatre Studies

Year 11-12 Bridging Project

The first project you will undertake at the beginning of Year 12 is the devised (Making Original Drama) component. The stimulus must be chosen by you.

STAGE 1

Start by gathering, sketching and scrap-booking thoughts on different stimulus ideas. Stimuli could include:

- A poem
- A concept
- A picture
- A photo
- A novel
- A film
- A song
- A medical condition
- A political, social or cultural event/initiative/crisis

Rather than an isolated item, try to gather a wealth of materials and really exhaust performance possibilities.

Explore ideas around each stimulus and create a mind map/brainstorm to show the different words, phrases, ideas inspired.

STAGE 2

Drawing out the key ideas that you feel most interested in exploring, carry out research surrounding those areas.

Create research boards of information, clips, images, headlines, facts etc. from your research.

STAGE 3

Storyboard any performance ideas starting to form from stage 1 and stage 2. Note down, sketch, write the script for any scenes, moments that are beginning to come together. REMEMBER: These do not necessarily need to be in any order at this stage.
