

Year 11 GCSE Graphics	AUTUMN 1	AUTUMN 2	SPRING 1	SPRING 2	SUMMER 1	SUMMER 2
Themes, Concepts & Ideas	Delivering Non Exam Assessment Theory review from AUT 1 of Year 10.	Realising Design Ideas Theory review from AUT 2 of Year 10	Completion of NEA Theory review from SPRING 1 of Year 10	Exam Revision Theory review from SPRING 2 of Year 10	Exam Revision Theory review from SUMMER 1 and 2 of Year 10	N/A
Knowledge & Understanding	Students continue to work through NEA project, specifically from design of ideas for both logo, product and packaging. Students will begin to consider prototype modelling for packaging and experimenting with different approaches to packaging solutions. Assessments of theory relating to AUT 1 of Year 10	By now students will have created prototypes and have analysed the success of their work, measuring it against the design/manufacturing specification. Assessments of theory relating to AUT 2 of year 10	Students will complete all practical elements, will test and evaluate their products against client needs/third party, specification etc. Possible modifications highlighted. Assessments of theory relating to SPRING 1 of year 10	Students will look at previous exam papers and experience assessment exercises to gain confidence in answering exam questions. Assessments of theory relating to SPRING 2 of year 10	Intense revision courses both during lessons and after school revisiting SUMMER 1 and 2 of Year 10 and also looking again at past exam papers and mark schemes.	N/A
