General Data Protection Regulations 2018

Introduction

Alleyne's Academy fully endorses and is committed to the General Data Protection Regulation May 2018 (GDPR). All staff and students are data subjects and both manual and electronic data relating to individuals are managed in accordance with the GDPR. All staff involved in the collection, processing and disclosure of personal data, are aware of their duties and responsibilities within this policy. The policy further outlines our response to Data Protection and provides a framework for managing and meeting requests.

1. Obtaining and Processing Data

- 1.1 Alleyne's Academy undertakes to obtain and process data fairly and lawfully by informing all data subjects of the reasons for data collection, the purposes for which data is held, the likely recipients of the data, who the data could be shared with and the data subject's rights of access to that data.

Information about the use of personal data is printed on appropriate data collection forms used by the Academy. These forms are sent annually to all parents/carers and additionally to staff to be updated together with a Privacy Statement.

2. Definitions

Processing Means any operation or set of operations which is performed on personal data, whether or not by automated means including collecting, recording, organising, structuring, storing, adapting or altering, retrieving, consulting, using, disclosing, disseminating or otherwise making available, aligning, or combining, restricting erasing or destroying.

Data Controller Means the natural or legal person, public authority, agency or other body which alone or jointly with others, determines the means of processing personal data.

Data Processor Means a natural or legal person, public authority, agency or other body which processes personal data on behalf of the controller.

Data Subject The identified or identifiable individual whose personal data is held or processed.

Personal Data Means any information relating to an identified or identifiable, natural person which can identify that individual directly or indirectly; for example name, id number, location data, online identifier such as username or one or more factors specific to the physical, physiological, genetic, mental, economic, cultural or social identity of that person.

Parent/Carer Refers to the meaning given in the Education Act 1996 and includes any person who has parental responsibility for a child and for the purposes of this policy includes legal guardians (carers).

Legal disclosure The release of information from the computer to someone who requires

the information to do their job within the organisation, provided that the purposes of that information has been registered.

Illegal disclosure The release of information to someone who does not need it, or has no right to it, or one which falls outside the organisations registered purpose

3. Purposes of Processing

- 3.1 All information and data that can identify a living individual, held in any format (visual, verbal, paper, computer, microfilm, etc.) is safeguarded under GDPR. Alleyne's Academy is Registered with the Information Commissioner (Registration Number: ZA029582) under which are listed the purposes of the Academy's processing of personal data.
- 3.2 The lawful processing of data undertaken by the Academy as is necessary for "the performance of a task carried out in the public interest or the exercise of official authority vested in the Academy as Data Controller" in order to deliver education.
- 3.3 Where processing information exists beyond that outlined in 3.2 above, consent will be obtained from parents/carers for pupils under the age of 13 and/or those deemed incapable of understanding what they are consenting to, and pupils themselves over 13. This relates to such processing as the use of photographic images and biometric finger printing.
- 3.4 Under the 6 principles of the GDPR the Academy will only process personal data:
- fairly, lawfully and in a transparent manner
 - for specified, explicit and legitimate purposes
 - in a way that is adequate, relevant and limited
 - which is accurate and kept up-to-date
 - which is kept no longer than necessary
 - in a manner that ensures appropriate security of the personal data
- 3.5 The Academy is responsible for and can demonstrate compliance with these principles Under the GDPR the Academy has a Data Protection Officer and specific issues relating to data protection should be addressed to Felicity Porter c/o Alleyne's Academy or f.porter@alloynes.staffs.sch.uk

4. Processing fairly, lawfully and in a transparent manner

- 4.1 The Academy has a Privacy Notice which details what information will be shared, with whom and for what purpose. This Privacy Notice is issued alongside the Data Collection Form every year and available to download from the Academy's website.
- 4.2 The Academy has a Consent Form which details the data for which permission is required.
- 4.3 Data is only kept until a pupil reaches the age of 25 when it will be deleted from the records, unless there are adequate legal reasons for keeping it longer. Pupils cannot request to be 'forgotten' until they reach 25 years of age. Once a pupil leaves school, their data will be stored as it was on the date they left full time education at Alleyne's Academy. If at any stage in the future, it comes to light that data has changed this data will be updated. However, this data will no longer be processed and therefore no longer updated annually.

5. Data Integrity

5.1 Data Accuracy

Data will be as accurate and up to date as is reasonably possible. If a data subject informs the Academy of a change of circumstance their records will be updated as soon as practicable. A printout of data will be provided to all data subjects annually so they can check its accuracy and make any amendments. Where a subject challenges the accuracy of their data, Alleyne's Academy will immediately mark the record as potentially inaccurate and make the appropriate amendments.

5.2 Data Adequacy and Relevance

Data held about people will be adequate, relevant and not excessive in relation to the purpose for which the data is held. In order to ensure compliance with this principle Alleyne's Academy will check records regularly for missing, irrelevant or seemingly excessive information and may contact the subjects to verify certain items of data.

5.3 Length of Time

Data held about individuals will not be kept for longer than necessary and for the purposes registered. A full schedule of the length of time documents will be kept is included in this document as [Appendix A](#).

After this time documents will be destroyed in a confidential manner by school personnel or organisations instructed to do so by the Academy under a confidential waste agreement.

6. Subject Access

The GDPR allows all data subjects a right of access to their own personal data. In order to ensure that people receive only information about themselves it is essential that a formal system of request is in place. Where a subject access is received the Academy's policy is that:

- Requests from pupils will be processed as any subject access request outlined in 6.1 below and the copy will be given directly to the pupil, unless it is clear that the pupil does not understand the nature of the request.
- Requests from pupils who do not appear to understand the nature of the request will be referred to their parent/carer
- Requests from parents/carers in respect of their own child will be processed as requests made on behalf of the data subject and the copy will be sent in a sealed envelope to the requesting parent/carer.

6.1 Processing Subject Access Requests

Requests for Access must be made in writing and addressed to the Data Protection Officer or alternatively a Subject Access Request form may be downloaded from the Academy's website. Completed forms should be returned to the Data Protection Officer at the Academy. Once we are satisfied that individuals meet the criteria for disclosure of data under the General Data Protection Regulations and have provided sufficient information, we will respond within one month from the date that we accept the application for processing.

6.2 Authorised Disclosure

Alleyne's Academy will, in general, only disclose data about individuals with their consent.

However there are circumstances under which the Academy may need to disclose data without explicit consent for that occasion. These circumstances are strictly limited to:

- Pupil data disclosed to authorised recipients related to education and administration necessary for the Academy to perform its statutory duties and obligations
- Pupil data disclosed to authorised recipients in respect of their child's health, safety and welfare.
- Pupil data disclosed to parents/carers in respect of their child's progress, achievements, attendance, attitude or general demeanour within the vicinity of the Academy.
- Staff data disclosed to relevant authorities, for example in respect of payroll and other administration matters such as student loans, pensions, occupational health, etc.

Only authorised staff will be allowed to make external disclosures of personal data. Data used within the Academy by administrative staff, teachers and welfare officers will only be made available where the person requesting the information is a professional, legitimately working within the Academy who need to know the information in order to do their work. We will not disclose anything on a pupils records which would be likely to cause serious harm to their physical or mental health or that of anyone else, including anything which suggests that they are or have been subject of at risk of child abuse.

7 Data Security

Alleynes Academy undertakes to ensure the security of personal data by the following general methods:

- encrypted usb sticks
- strong passwords, password protocol
- restriction of rights and access to SIMS –access given to those that require it to do their job

A deliberate breach of Policy will be treated as a disciplinary matter.

7.1 Physical Security

Appropriate building security measures are in place, such as alarms, window bars and deadlocks. Only authorised persons are allowed in to the Academy. Computers are locked when not in use, photocopying is not left on machines, printouts are locked away when not in use. Visitors to the Academy are required to sign in and out and wear a visitor's badge whilst in school and are, where appropriate, accompanied.

7.2 CCTV

The purpose of the CCTV system is for the security of the premises, the prevention, detection and investigation of criminal activity, trespass, vandalism and the safety of staff, students and visitors to the site. Static and remotely operated cameras enable this purpose. The CCTV is only viewed, when necessary, by a small list of registered people.

7.3 Logical Security

Security software is installed on all computers containing personal data. Only authorised users are allowed access to the computer files and password changes are undertaken

regularly. Computer files are backed up regularly.

7.4 Biometric Security

CRB Cunninghams software products hold Personal Data sourced from the school MIS (or created manually), the data is used to verify the identity of an individual at the point of service delivery via computer terminals, EPOS terminals, Coin & Note revaluation units, self-service kiosks, registration terminals, printers, lockers and other similar devices within the customers premises and subsequently allow them to use the services provided by that software product.

Biometric data (fingerprints) are stored as a series of data points, converted from images by a mathematical algorithm. These data points cannot be used to reconstruct a useable fingerprint even with the algorithm available. The level of detail stored in these data points is well below the level of detail needed for forensic identification of someone and would be completely inadmissible, both in terms of quality and legality, in court. The data points are encrypted before being stored.

Biometric data is only held for as long the student/adult is at Alleyne's Academy.

7.5 Procedural Security

All new members of staff are given access to this Data Protection and Freedom of Information Policy as part of their induction programme and regular updates and refresher training are provided to all staff on an on-going basis.

Security arrangements are continually assessed and updated to ensure the latest affordable technology is applied and procedures are up to date. Guidance given to new members of staff as part of their induction programme in respect of basic standard security.

Any queries or concerns about security of data in the Academy in the first instance should be referred to the Data Protection Officer.

7.6 Data Breach Procedure

In the event of a suspected data breach, the DPO should be informed and the Data Breach Plan followed. See [Appendix B](#)

Part Two
Freedom of Information

Statement of intent

As an educational provider, our school has an obligation to publish a freedom of information statement, outlining how we will meet our duties under the Freedom of Information Act 2000 and associated regulations. The development and effective implementation of this policy fulfils that requirement.

More specifically, this policy outlines:

- How our school will respond to requests from individuals for access to information held about them.
- Our school's policy and procedures for the release and publication of private data and public records.
- Our school's policy and procedures for providing applicants with advice and assistance throughout the duration of their requests.

It also clarifies our position regarding the appropriate limit to the costs incurred by the school in obtaining any requested information, and on charging fees for its provision.

1. Legal framework

1.1. This policy has due regard to the following legislation:

- The Freedom of Information Act 2000
- The Freedom of Information and Data Protection (Appropriate Limit and Fees) Regulations 2004
- General Data Protection Regulation May 2018

1.2. This policy also has due regard to guidance, including, but not limited to, the following:

- Information Commissioner's Office 'Model publication scheme' 2016
- Information Commissioner's Office 'Duty to provide advice and assistance (section 16)' 2016
- Ministry of Justice 'Lord Chancellor's Code of Practice on the management of records issued under section 46 of the Freedom of Information Act 2000' 2009

2. Accepting requests for information

2.1. The school will only accept a request for information which meets all of the following criteria:

- It is in writing
- It states the name of the applicant and an address for correspondence
- It describes the information requested

2.2. A request will be treated as made in writing if it meets all of the following requirements:

- It is transmitted by electronic means
- It is received in legible form
- It is capable of being used for subsequent reference

2.3. The school will publish details of its procedures for dealing with requests for information on the website, which includes:

- A contact address and email address
- A telephone number
- A named individual to assist applicants with their requests

3. General right of access to information held by the school

3.1. Provided that the request complies with [section 2](#) of this policy, the school will, no later than 20 working days from receipt of the request, comply with its duty to:

- Confirm or deny to any person making a request for information to the school, whether it holds information of the description specified in the request.
- Provide the documentation, if the school confirms that it holds the requested information.

3.2. The school will not comply with section 3.1 of this policy where:

- The school reasonably requires further information to meet a freedom of information request, has informed the applicant of this requirement, but was not subsequently supplied with that further information.
- The information is no longer readily available as it is contained in files that have been placed in archive storage or is difficult to access for similar reasons.
- A request for information is exempt under Section 2 of the Freedom of Information Act 2000.
- The cost of providing the information exceeds the appropriate limit.
- The request is vexatious.
- The request is a repeated request from the same person made within 60 consecutive working days of the initial one.
- A fee notice was not honoured.

3.3. Where information is, or is thought to be, exempt, the school will, within 20 working days, give notice to the applicant which:

- States the fact.
- Specifies the exemption in question.

3.4. The information provided to the applicant will be in the format that they have requested, where possible.

3.5. Where it is not possible to provide the information in the requested format, the school will assist the applicant by discussing alternative formats in which it can be provided.

3.6. The information provided will also be in the language in which it is held, or another language that is legally required. If the school is required to translate any information, it will do so.

3.7. If, under relevant disability and discrimination regulations, the school is legally obliged to provide the information in other forms and formats, it will do so.

4. The appropriate limit

4.1. The school will not comply with any freedom of information request that exceeds the statutorily imposed appropriate limit of £450.

4.2. When determining whether the cost of complying with a freedom of information request is within the appropriate limit, the school will take account only of the costs we reasonably expect to incur in relation to:

- Determining whether it holds the information.
- Locating the information, or a document which may contain the information.
- Retrieving the information, or a document which may contain the information.
- Extracting the information from a document containing it.

- Costs related to the time spent by any person undertaking any of the activities outlined in section 4.2 of this policy on behalf of the school, are to be estimated at a rate of £25 per person per hour.

4.3. Where multiple requests for information are made to the school within 60 consecutive working days of each other, either by a single person or by different persons who appear to be acting in concert, the estimated cost of complying with any of the requests is to be taken to be the total costs to the school of complying with all of them.

5. Charging fees

5.1. The school may, within 20 working days, give an applicant who has requested information from the school, a written notice stating that a fee is to be charged for the school's compliance.

5.2. Charges may be made for disbursements, such as the following:

- Photocopying
- Postage and packaging
- Costs directly incurred as a result of viewing information

5.3. Fees charged will not exceed the total cost to the school of:

- Informing the person making the request whether we hold the information.
- Communicating the information to the person making the request.

5.4. Where a fee is to be charged, the school will not comply with section 3 of this policy unless the requested fee is paid within a period of three months, beginning with the day on which the fees notice is given to the applicant.

5.5. The school will not take into account any costs which are attributable to the time spent by persons undertaking any of the activities mentioned in section 5.3 above.

5.6. When calculating the 20th working day in which to respond to a freedom of information request, the period beginning the day on which the fee notice is given to the applicant and ending with the day on which the fee is received, will be disregarded.

6. Means by which communication is to be made

6.1. Where, on making a request for information, the applicant expresses a preference for communication by any one of the following means, the school will, as far as is practicable, give effect to that preference:

- The provision to the applicant of a copy of the information in permanent form or in another form acceptable to the applicant.
- The provision to the applicant of a reasonable opportunity to inspect a record containing the information.

- The provision to the applicant of a digest, or summary of the information, in permanent form or in another form acceptable to the applicant.

7. Providing advice and assistance

7.1. The school will meet its duty to provide advice and assistance, as far as is reasonable, to any person who proposes to make, or has made, requests for information to the school.

7.2. The school may offer advice and assistance in the following circumstances:

- If an individual requests to know what types of information the school holds and the format in which it is available, as well as information on the fees regulations and charging procedures.
- If a request has been made, but the school is unable to regard it as a valid request due to insufficient information, leading to an inability to identify and locate the information.
- If a request has been refused, e.g. due to an excessive cost, and it is necessary for the school to assist the individual who has submitted the request.
-

7.3. The school will provide assistance for each individual on a case-by-case basis; examples of how the school will provide assistance include the following:

- Informing an applicant of their rights under the Freedom of Information Act 2000
- Assisting an individual in the focus of their request, e.g. by advising of the types of information available within the requested category
- Advising an applicant if information is available elsewhere and how to access this information
- Keeping an applicant informed on the progress of their request

7.4. In order to provide assistance as outlined above, the school will engage in the following good practice procedures:

- Make early contact with an individual and keep them informed of the process of their request.
- Accurately record and document all correspondence concerning the clarification and handling of any request.
- Give consideration to the most appropriate means of contacting the applicant, taking into account their individual circumstances.
- Discuss with the applicant whether they would prefer to receive the information in an alternative format, in cases where it is not possible to provide the information requested in the manner originally specified.
- Remain prepared to assist an applicant who has had their request denied due to an exemption.

7.5. The school will give particular consideration to what level of assistance is required for an applicant who has difficulty submitting a written request.

7.6. In circumstances where an applicant has difficulty submitting a written request, the school will:

- Make a note of the application over the telephone and then send the note to the applicant to confirm and return – the statutory time limit for a reply would begin here.
- Direct the individual to a different agency that may be able to assist with framing their request.
- **NB.** This list is not exhaustive and the school may decide to take additional assistance measures that are appropriate to the case.

- 7.7. Where an applicant's request has been refused either because the information is accessible by other means, or the information is intended for future publication or research, the school, as a matter of good practice, will provide advice and assistance.
- 7.8. The school will advise the applicant how and where information can be obtained, if it is accessible by other means.
- 7.9. Where there is an intention to publish the information in the future, the school will advise the applicant of when this publication is expected.
- 7.10. If the request is not clear, the school will ask for more detail from the applicant in order to identify and locate the relevant information, before providing further advice and assistance.
- 7.11. If the school is able to clearly identify the elements of a request, it will respond following usual procedures and will provide advice and assistance for the remainder of the request.
- 7.12. If any additional clarification is needed for the remainder of a request, the school will ensure there is no delay in asking for further information.
- 7.13. If an applicant decides not to follow the school's advice and assistance and fails to provide clarification, the school is under no obligation to contact the applicant again.
- 7.14. If the school is under any doubt that the applicant did not receive the advice and assistance, the school will re-issue it.
- 7.15. The school is not required to provide assistance where an applicant's request is vexatious or repeated, as defined under Section 14 of the Freedom of Information Act 2000.
- 7.16. The school is also not required to provide information where the cost of complying with a request exceeds the limit outlined in the Freedom of Information Act 2000. In such cases, the school will consider whether any information can be provided free of charge if the applicant refuses to pay the fee.
- 7.17. A record will be kept by the school of all the advice and assistance provided.

8. Publication scheme

8.1. The school will meet its duty to adopt and maintain a publication scheme which specifies the information which it will publish on the school website, and whether the information will be available free of charge or on payment.

8.2. The publication scheme will be reviewed and, where necessary, updated on an annual basis.

9. Monitoring and review

9.1. This policy will be reviewed on an annual basis, or in light of any changes to relevant legislation, by the Headteacher.

- 9.8. The DPO is responsible for promoting compliance with this policy and reviewing the policy on an annual basis, in conjunction with the Headteacher.
- 9.9. The DPO is responsible for ensuring that all records are stored securely, in accordance with the retention periods outlined in this policy, and are disposed of correctly.
- 9.10. All staff members are responsible for ensuring that any records for which they are responsible for are accurate, maintained securely and disposed of correctly, in line with the provisions of this policy.

3. Management of pupil records

- 9.11. Pupil records are specific documents that are used throughout a pupil's time in the education system – they are passed to each school that a pupil attends and includes all personal information relating to them, e.g. date of birth, home address, as well as their progress and achievement.

9.12. The following information is stored on the front of a pupil record, and will be easily accessible:

- Forename, surname, gender and date of birth
- Unique pupil number
- Note of the date when the file was opened
- Note of the date when the file was closed, if appropriate

9.13. The following information is stored inside the front cover of a pupil record, and will be easily accessible:

- Ethnic origin, religion and first language (if not English)
- Any preferred names
- Emergency contact details and the name of the pupil's doctor
- Any allergies or other medical conditions that are important to be aware of
- Names of parents, including their home address(es) and telephone number(s)

9.14. The following information is stored in a secured pupil record, which can be accessed by authorised personnel:

- Admissions form
- Details of any SEND
- The record of transfer from previous school
- Fair processing notice – only the most recent notice will be included

- 9.15. The following information is subject to shorter retention periods and, therefore, will be stored separately in a personal file for the pupil in the school's archive:
- Absence notes
 - Parental and, where appropriate, pupil consent forms for educational visits, photographs and videos, etc.
 - Correspondence with parents about minor issues, e.g. behaviour
- 9.16. Hard copies of disclosures and reports relating to child protection are stored in a sealed envelope, in a securely locked filing cabinet in the Headteacher's PA's office – a note indicating this is marked on the pupil's file.
- 9.17. Hard copies of complaints made by parents or pupils are stored in a file in the Headteacher's PA's office – a note indicating this is marked on the pupil's file.
- 9.18. Actual copies of accident and incident information are stored separately in the secured archive room and held in line with the retention periods outlined in this policy. An additional copy may be placed in the pupil's file in the event of a major accident or incident.
- 9.19. The school will ensure that no pupil records are altered or amended before transferring them to the next school that the pupil may attend. However, if another pupil is mentioned, said pupil's identifying data will be redacted.
- 9.20. The only exception to the above is if any records placed on the pupil's file have a shorter retention period and may need to be removed.
- 9.21. Electronic records relating to a pupil's record will also be transferred to the pupils' next school. Section 10 of this policy outlines how electronic records will be transferred.
- 9.22. If any pupil attends the school until statutory school leaving age, the school will keep the pupil's records until the pupil reaches the age of 25 years.
- 9.23. The school will, wherever possible, avoid sending a pupil record by post. Where a pupil record must be sent by post, it will be sent by registered post, with an accompanying list of the files included. The school it is sent to is required to sign a copy of the list to indicate that they have received the files and return this to the school.

4. Retention of pupil records and other pupil-related information

- 9.24. The table below outlines the school's retention periods for individual pupil records and the action that will be taken after the retention period, in line with any requirements.
- 9.25. Electronic copies of any information and files will be destroyed in line with the retention periods below.
