

Remote Log-In Instructions

Provision is provided for staff and pupils to be given access remotely to a school network desktop, via the school web site. This is mainly aimed to allow access to the user's home folder and school share area and MS Office programs.

Within the school share area there are many revision materials to be accessed and utilised.

To access this resource simply click the 'Remote Login' link

You will then be asked to enter the school user name and password in the format shown.

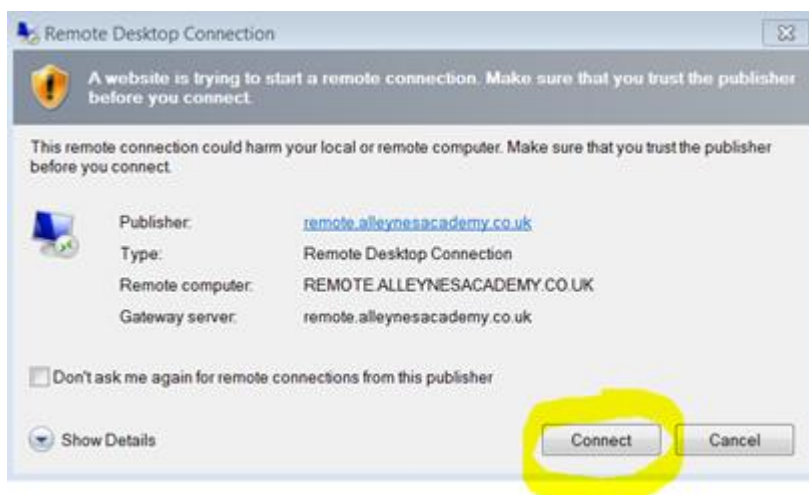

A screenshot of the 'Work Resources' login page. The header includes the title 'Work Resources' and the subtitle 'RemoteApp and Desktop Connection'. Below the header is a horizontal line. The login form contains two input fields: 'Domain\user name:' with the text 'alleynesc\J.Bloggs' and 'Password:' with a masked password of ten dots. Below the form are radio buttons for 'Security' options: 'This is a public or shared computer' (unselected) and 'This is a private computer' (selected). A red warning message states: 'Warning: By selecting this option, you confirm that this computer complies with your organization's security policy.' A 'Sign in' button is located at the bottom right of the form.

The following tools are then provided

The office tools can be run directly from the shortcuts, recommended, if you just wish to quickly edit a document or spreadsheet for example. The 'School Desktop' link will open a full Virtual Desktop as if you were in the school.

When any option is selected you may be asked if you trust the connection, if so please click 'Connect' as shown:-

Users will then be passed to the application of choice or a Windows 2012 Desktop, as below:

Selecting the highlighted Windows symbol will open the 'Start' page to access required programs.

If you have any problems logging on please email ITSupport@alleynes.staffs.sch.uk
