

Year 13 Mock Revision Tips / Case Studies / Topics

Tectonics

- 1.1 Natural hazards and disasters
 - 1.2 Plate tectonics
 - 1.3 Understanding earthquakes
 - 1.4 Understanding volcanic eruptions
 - 1.5 Understanding tsunamis
 - 1.6 Why do some natural hazards become disasters?
 - 1.7 Governance and natural disasters
 - 1.8 Geophysical disaster trends and hazard profiles
 - 1.9 Multiple-hazard zones
 - 1.10 Hazard management theoretical models
 - 1.11 Managing the impacts of tectonic hazards
- Futures and Uncertainties; Books, music, films

Coasts

- 3.1 Coastal landscapes and systems
 - 3.2 Geology and the coast
 - 3.3 Waves and beaches
 - 3.4 Coastal erosion – processes and landforms
 - 3.5 Coastal transport and deposition
 - 3.6 Weathering and mass movement at the coast
 - 3.7 Sea level change
 - 3.8 Holderness and coastal erosion
 - 3.9 Coastal flooding
 - 3.10 Managing coastal erosion and flooding
 - 3.11 Managing coasts in a holistic way
- Futures and Uncertainties; Books, music, films

Regenerating Places

- 5.1 Thinking about places
 - 5.2 Understanding your place
 - 5.3 Changing places – London's East End
 - 5.4 Investigating places
 - 5.5 Successful places?
 - 5.6 Engaging with places
 - 5.7 Investigating the need for regeneration
 - 5.8 The role of the government in regeneration
 - 5.9 Regenerating rural places
 - 5.10 Regenerating urban places
 - 5.11 Regeneration – how successful?
 - 5.12 Urban regeneration – the players
 - 5.13 Rural regeneration – the players
- Futures and Uncertainties; Books, music, films

Globalisation

- 4.1 Understanding globalisation
 - 4.2 Defining globalisation
 - 4.3 The key players in globalisation
 - 4.4 TNCs and globalisation
 - 4.5 'Switched on' and 'switched off' worlds
 - 4.6 The global shift: winners and losers
 - 4.7 Global interconnections
 - 4.8 Towards a global culture?
 - 4.9 Closing the development gap?
 - 4.10 Rising tensions
 - 4.11 Consequences, ethics and sustainability
- Futures and Uncertainties; Books, music, films

Water

- 1.1 A world of extremes
- 1.2 The global hydrological cycle
- 1.3 Local hydrological cycles – drainage basins
- 1.4 The water balance and river regimes
- 1.5 Deficits within the hydrological system
- 1.6 Surpluses within the hydrological system
- 1.7 Climate change
- 1.8 Water insecurity – the causes
- 1.9 Water insecurity – the consequences
- 1.10 Water insecurity – managing supplies

Revisiting the Enquiry Questions;
Books, music, films

Superpowers

- 3.1 Making an impact
- 3.2 What is a superpower?
- 3.3 Changing patterns of power
- 3.4 Emerging superpowers?
- 3.5 Global networking
- 3.6 Players in international decision-making
- 3.7 Superpowers and the environment
- 3.8 Contested places
- 3.9 Contesting global influence
- 3.10 Challenges for the future

Revisiting the Enquiry Questions;
Books, music, films
