

Year 9 Revision List

Paper 1 will be conducted during Year 9 Mock week.

Paper 2 will be conducted during normal Maths lessons on Monday 26th June. Please ensure you bring a calculator for Paper 2.

Both papers are 1hr in duration.

Higher Paper 1 Non-Calc	Higher Paper 2 Calc
Algebraic equations Angles in a kite Angles in parallelograms Angles on straight lines Best Buys Estimation Expanding and Factorising Indices Money problem Quadratic Graphs Rationalising denominators Recipes Volume of cone Volume of cuboid Volume of hemisphere	Angles in polygons Arc length Area of 2D shapes Area of segment Averages from a table Averages from grouped frequency Converting between metric units Exact trig values Identifying graphs Percentage Profit Pythagoras Quadratic sequences Ratio problem Recipes Standard form Trigonometry Volume of a sphere

Foundation Paper 1 Non-Calc	Foundation Paper 2 Calc
Algebra problem Algebraic expressions Angle facts Angles in polygons Angles on parallel lines Averages from tables Expanding brackets Midpoints Money problems Nth term Ordering number Pictograms Pie charts Product of prime factors Sequences Solving equations Substitution	Angles in polygons Averages & range Averages from a table Calculator Skills Interest Money problem Percentage of amount Pie charts Powers Properties of numbers (multiples, factors, primes, squares etc) Sequences Stem & leaf diagram Using formulae
