

Year 9 → Year 10 Chemistry Bridging Project

Produce a Poster on Recycling

The following need to be included in your poster:

- Title
- Your name
- Your chosen material for recycling, e.g. plastic, glass, metal, paper
- At least 5 reasons to recycle the material – Try to use scientific facts e.g. % of energy saved by recycling an aluminium can compared to producing the aluminium from ore, rather than saying it's good for the planet
- At least 3 pictures
